

Parent/Guardian Information for Science East Sci-Design Summer Camp August 6th-9th 2019

For our Science East Sci-Design camp, we are lucky enough to have a couple organisations within the city that have agreed to have us come visit them, and learn a bit more about the work that they do. We will be taking outings throughout the week. These outings will be taking place rain or shine therefore all campers should be sure to have sun/rain protection and water bottles.

I, _____, certify that my child, _____, has
